

We offer :

- technical support by e-mail
- one-year replacement warranty covering parts and labor with possibility of sending a new unit (no need to wait until repairs)
- Free updates for software (for minor changes)
- 3

0 Day, Money Back Guarantee: We give you a full 30 days to evaluate the system, with a no-hassle return privilege. If for any reason you are not satisfied with your purchase, feel free to return it **in new condition**

- Free and Easy Adaptation: We give the possibility for our clients (MeriDiM® owners) to translate all labels and evaluations to any language (e.g mother tongue) – we only need the translated text and we implement for free in the MeriDiM system.

CE Mark: MeriDiM® Meridian Digital Instrument is designed to fulfill requirements for CE mark.

MeriDiM has a detailed user guide : for setup and software usage.

Safety features

- The software of MeriDiM is protected by a password; therefore safe from unauthorised access to clients' data.
- MeriDiM only starts after connection of the device (hardware), protecting data in case of theft.
- Both client and status assessment data can be saved onto external memories allowing the preparation of regular safety copies for the sake of data protection.
